

11th HELLENIC ASTRONOMICAL CONFERENCE

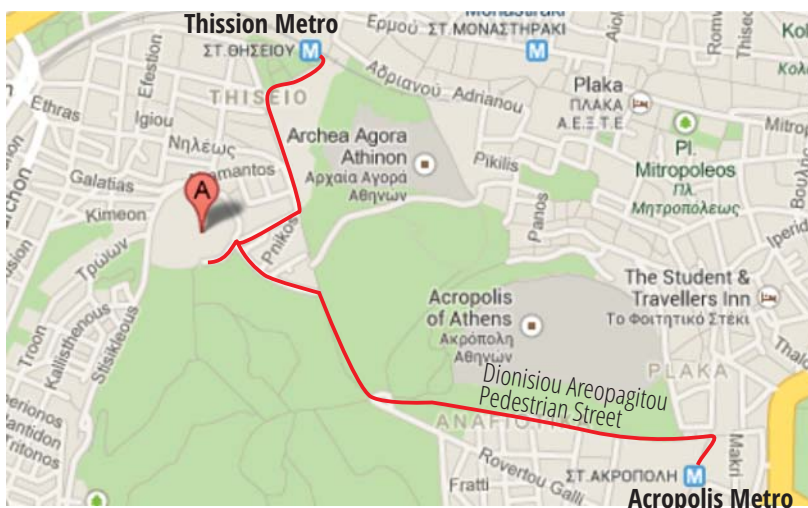

Athens, 8 - 12 September 2013

Useful Information

Getting to the Conference Venue (BRFAA, Academy of Athens)

The BRFAA is at 10' walking distance from the metro station "Katechaki" (blue metro line, directions "Egaleo - Doukissis Plakentias"). A bus stop of buses A5 and B5 (direction "Agia Paraskevi") is located just outside the Katechaki metro station (Mesogeion avenue). From Katechaki, walk along Mesogeion street in the direction towards the entrance of "Sotiria Hospital". After passing through the main entrance (for cars and pedestrians), turn to the left and walk as indicated in the map, until meeting the hospital cafeteria called "kylikeion". After reaching kylikeion, turn to the right, just behind a yellow building across the street. Walk for a little in a small corridor, until meeting the campus fence of Sotiria and a small entrance door. Ring to enter the BRFAA campus.

Getting to the Social Events location: National Observatory of Athens, Thission

Take metro up to Thission metro station (Line 1), or Acropolis metro station (Line 2). In both cases, follow the nearby pedestrian street Dionysiou Aeropagitou until getting close to the Nymphs Hills. Climb a small street following the signs indicating "Ethniko Asteroskopeio" (National Observatory).
