Transits – spectro-photometry

Waldmann et al. 2015

Transmission – fundamentals

$$\tau_{\lambda,m}(z) = 2 \int_0^{l(z)} \varsigma_m(\lambda) \chi_m(z) \rho_N(z) dl$$

$$\alpha_\lambda = 2 \int_0^{z_{max}} (R_p + z) (1 - e^{-\tau_\lambda(z)}) dz$$

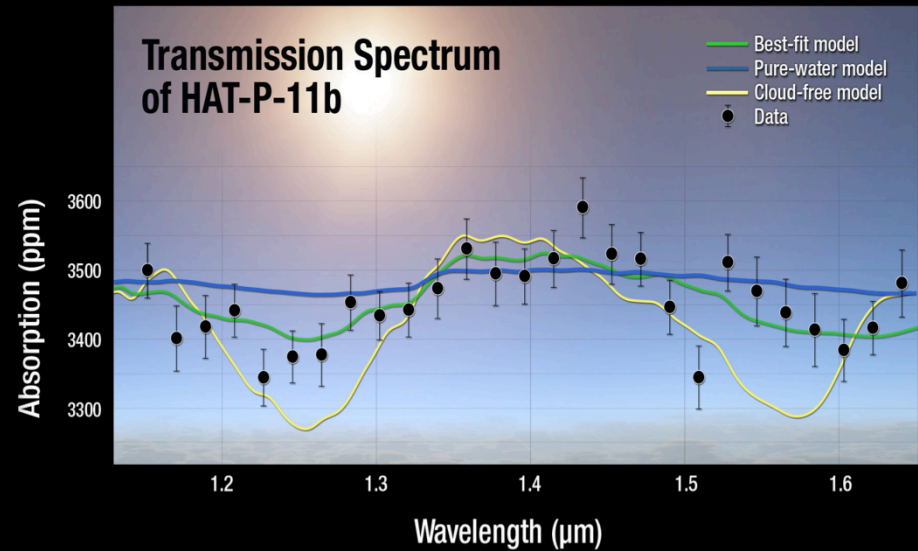

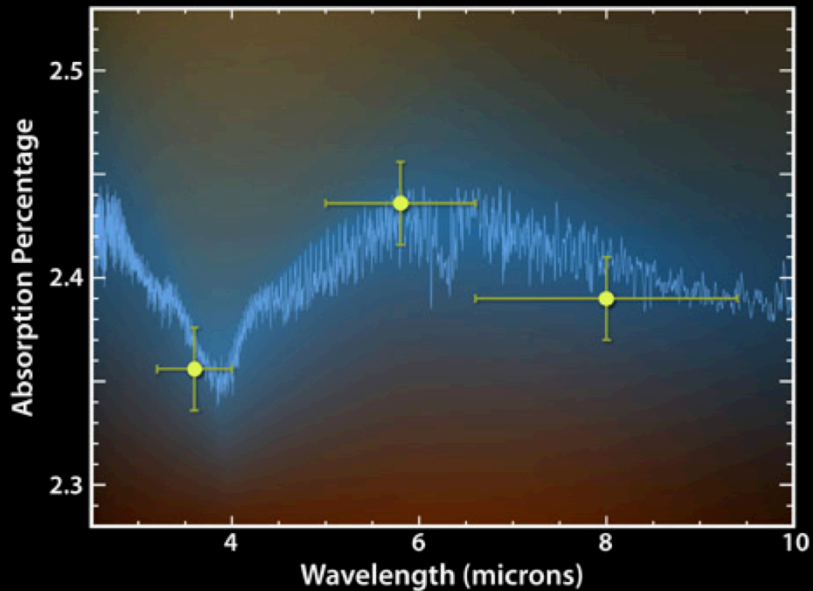

$$\tau_\lambda(z) = \sum_{m=1}^{N_m} \tau_{\lambda,m}(z)$$

$$\delta_\lambda = \frac{R_p^2 + \alpha_\lambda}{R_*^2} \equiv p^2(\lambda)$$

Why is the atmosphere important?

HST – Improving observations

Water Signatures in Exoplanet HD189733b Spitzer Space Telescope • IRAC
NASA / JPL-Caltech / G. Tinetti (Institute d'Astrophysique de Paris) ssc2007-12a

Hot Jupiters

H_2O
+
clouds

Super Earths

no atmosphere ?

clouds ?

HD97658 b - Knutson et al. 2014

GJ1214 b - Kreidberg et al. 2014

Main scope - Planetary "H-R"

Iraclis - data analysis

- **Data reduction**
 - Non-linearity, dark current, gain
- **Background correction**
 - Sky background and cosmic rays
- **Position**
 - Horizontal and vertical shifts
- **Calibration**
 - Wavelength and flux (flat-field) calibration
- **Extraction**
 - Aperture calculation and fractional pixels estimation
- **Fitting**
 - MCMC fit for the transit, systematics and planetary spectrum

Tau-REx – spectral retrieval

- **Fully Bayesian Retrieval**

- MCMC
- Nested Sampling
- Maximum Likelihood

- **Cross-sections**

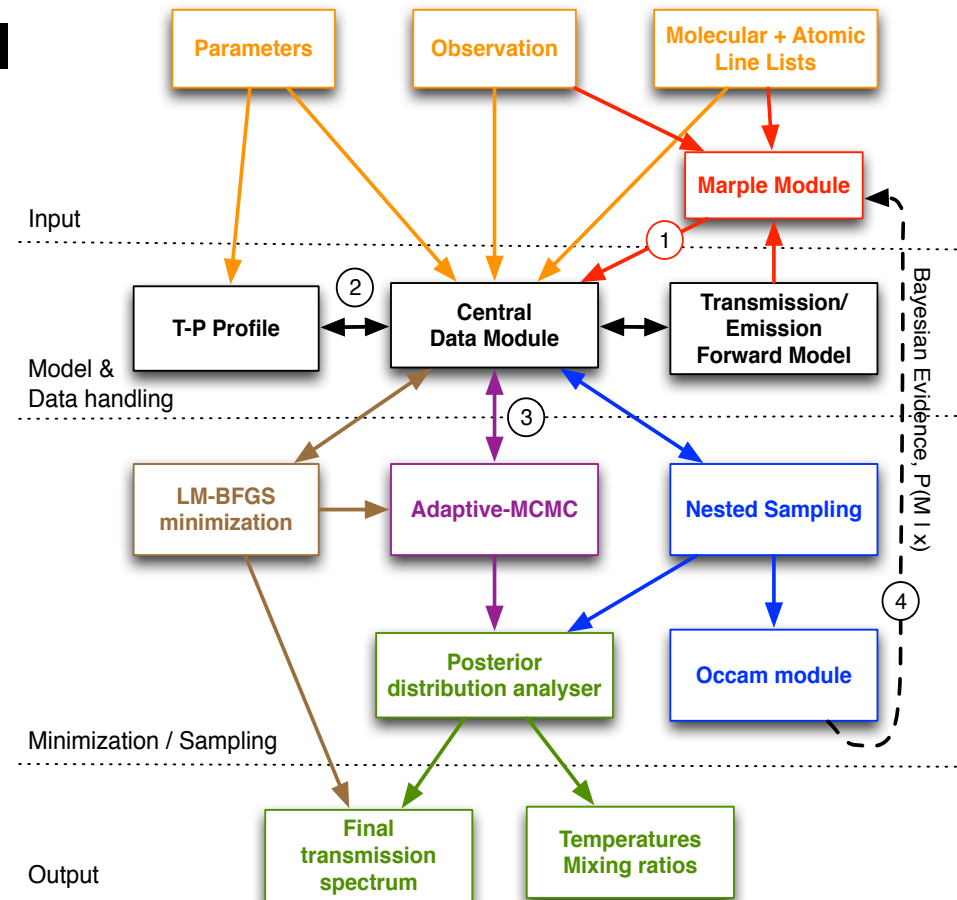

- ExoMol project

- **Pattern recognition**

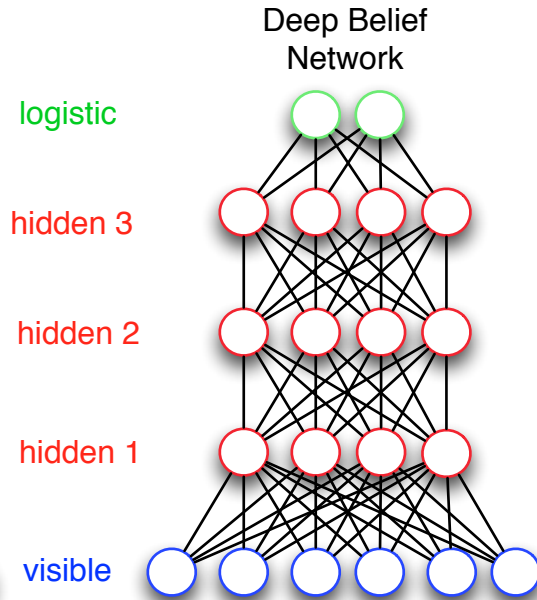

- Prior composition selection

- **Full parallelisation for cluster computing**

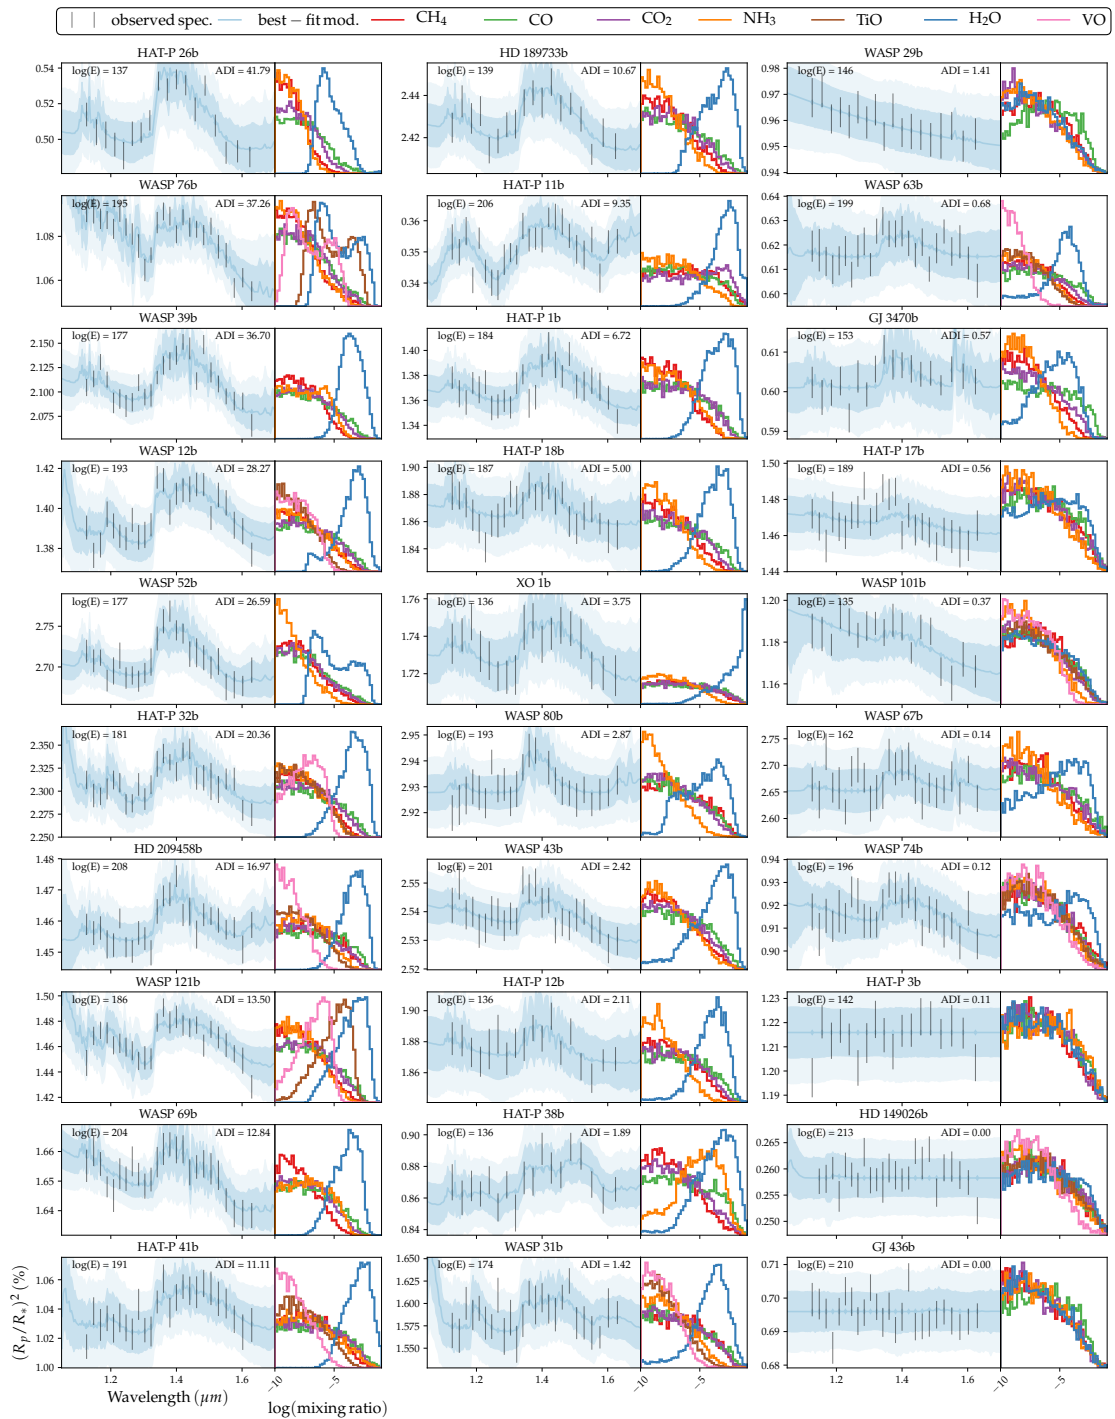

> 25k lines of code

RobERt – spectral recognition AI

A population of 30 planets

Population study – results

Population study – results

Population study – results

Population study – TiO/VO

WASP-74 b

First confident detection ($>5\sigma$) of TiO and VO in an exoplanet

Population study – Limb darkening

HAT-P-32 b

HD 209458 b

WASP-121 b

WASP-12 b

55 Cnc e – H/He and HCN (?)

Next generation – ARIEL

- European Space Agency M4 mission candidate
- Competing for launch 2026
- UK-led consortium of 12 EU countries
- Satellite 1.5 million kilometers away from Earth
- Hundreds of exoplanets observed

Next generation – ARIEL
